

ACS GPS BENEFITS

Track Vehicle Maintenance

- Set up maintenance reminders and schedules for all your vehicles
- Receive reminders via email or text when service activities are due
- Keep a historical record of all maintenance activities

View Vehicle History, Direction, Stops & Speed

- Review history through an animated, interactive route replay that breaks each day down into detailed trip segments. Route replay each day's activity to life.
- Helpful icons show vehicle direction and speeds
- Visual indicators show stops, alerts & other key events
- Street-level views allow you to drill down for greater details.
